2023 All Our Relations Snake River Campaign

You Are Invited: Please join us as we raise our voices to support treaty rights in the Columbia River basin and the health of the Salish Sea bio-region by bearing witness to the urgency of breaching without further delay the Lower Snake River Dams.

What: The 2023 All Our Relations Snake River Campaign

Why: Our elected officials have dallied and delayed long enough. It is our Salish Sea, not theirs. This two-week, indigenous-led campaign has been organized to offer you the opportunity at this critical time to stand up and make your voice heard for the salmon and the First Nations Salmon People, the Southern Resident Killer Whales, the Salish Sea, and all our relations into the Seventh Generation.
